WHY WI SPORTS

Fewer messages and less paperwork, more time for sport.

Without WI Sports

- ✓ Messaging every player before each match, then chasing their replies.
- ✓ After training, no longer knowing who was there.
- ✓ After the match, wondering how the team and each player performed.
- ✓ Rewatching old matches to find the numbers.
- ✓ Spending hours cutting and analysing videos.

With WI Sports

- ✓ One event created, the whole team invited and notified, replies in real time.
- ✓ Attendance, absences and injuries recorded in a few clicks.
- ✓ Every match action logged live, team and player stats.
- ✓ The full history kept, season after season, available any time.
- ✓ Trim, slow down and draw the play on the court, inside the app.

WHO IT IS FOR

One platform for everyone in the club.

Club and president

Full view of the club, its teams and results.

Coaches

Call-ups, attendance, live match and video.

Players

Events, replies and personal stats.

Parents

Informed of every event of their child.

Technical director

Performance of all teams, season by season.

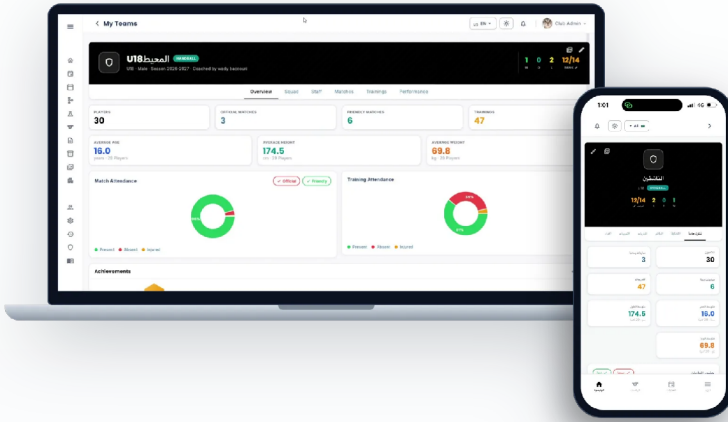

Staff and admin

Members, roles, seasons and reports.

Everyone sees what concerns them. Admin, Coach, Player and Parent roles are built in, and you create your own roles (president, technical director, staff...) with precise permissions.
